

In this example we are going to perform a block replacement of the following variable:

First Column	Second Column	Third Column
Row 1	C_1_1	C_1_2
Row 2	C_2_1	C_2_2
Row 3	C_3_1	C_3_2

Now there should be a table just above this paragraph.

And now within a table:

Text	Other text		
More text	<b>First Column</b>	<b>Second Column</b>	<b>Third Column</b>
	Row 1	C_1_1	C_1_2
	Row 2	C_2_1	C_2_2
	Row 3	C_3_1	C_3_2
